NASP

Everyone **presenting** at NASP should contact Melissa. There may be travel funds available.

Graduate Assistant Program for Teaching and Instruction

Beginning this fall, all graduate assistants at the University of Connecticut will be required to complete the Graduate Assistant Program for Teaching and Instruction. This 2-4 hour online training has been designed to ensure that every graduate student who currently has or in the future could have a teaching position at the university is provided with the foundations of educational pedagogy, instructional strategies, and assessment and evaluation guides.

The Graduate Assistant Program for the Teaching and Instruction course will appear in the Husky CT main page of all students currently holding a graduate assistant contract today, Wednesday, October 19th. All Graduate Assistants will have until January 20th 2017 to complete the training.

French Evaluator Needed

A student from Burundi enrolled at Windham Middle School and they are looking for both evaluators (French) and translation services. Contact Mary-Paule.Monks@ct.gov

- Participate in Research Study

Research study regarding student experiences in APA-accredited psychology graduate programs (these can be programs housed either in the psychology department or educational psychology). This study has been approved by the University of Illinois Urbana-Champaign

Institutional Review Board (# 16975), and the Project Investigator is Dr. Anita Hund (ahund@illinois.edu<mailto:ahund@illinois.edu>).

https://illinoisaces.co1.qualtrics.com/SE/?SID=SV_dmM40rVI9gdO9s9

Participants will have the opportunity to enter to win a \$20 VISA gift card upon completion of the survey. If you have any questions feel free to reach out to Dr. Hund or her graduate student, Dawn Brown (dmbrown4@illinois.edu<mailto:dmbrown4@illinois.edu>).

- Free Film Screening and Discussion

Documentary: *Resilience: The Biology of Stress & The Science of Hope*

Wednesday, Nov. 16 | 6-8 p.m.

Student Union Theater | UConn Storrs Campus

Extreme stress endured in childhood—including loss of a parent, abuse, and neglect—is now understood to be among the leading causes of everything from cancer and heart disease to substance abuse and depression.

Join us for a free screening of *Resilience: The Biology of Stress & The Science of Hope*, a powerful documentary revealing the most

important public health research findings of a generation.

Panel discussion to follow with filmmaker and director, James Redford. **Space is limited: please register by Nov. 14.**

SASP is co-sponsoring the event. Make sure to register early, we expect a large turnout!

Program Highlights

- Congratulations to Ravit Stein on being selected for recognition as a “Model School Psychology Intern Field Supervisor” by NASP and its Graduate Education Committee!

Funding Opportunities

Behavioral Interventionist Scholars

Administration for Children and Families

Application Due Date: March 31, 2017

The Administration for Children and Families (ACF), Office of Planning, Research, and Evaluation (OPRE) anticipates soliciting applications for Behavioral Interventions Scholars grants to support dissertation research by advanced graduate students who are using behavioral science approaches to examine specific research questions of relevance to social service programs and policies. These grants are meant to build capacity in the research field to apply a behavioral lens to issues facing poor and vulnerable families in the United States, and to foster mentoring relationships between faculty members and high-quality doctoral students. Applicants will be required to demonstrate the applicability of their research to practice or policy serving low-income children, adults, and families, especially those that seek to improve their well-being. Specific topics of interest may be delineated in the full funding opportunity announcement.

Call for Fellowship Applications for Terminal Master's Students

Program Directors, Coordinators, and Affiliated Faculty of Terminal Master's Psychology and Counseling Programs,

APA's Minority Fellowship Program (MFP) –
Services for Transition Age Youth (STAY) Fellowship

The STAY Fellowship <<http://www.apa.org/pi/mfp/psychology/stay/>>, funded by SAMHSA, is for students in eligible terminal master's programs <<http://www.apa.org/pi/mfp/psychology/stay/eligible-programs.pdf>> interested in providing direct services to ethnic minority transition age youth (ages 16-25) and their families immediately upon graduation.

STAY Fellows will receive multiple opportunities for career development

and training via:

- MFP Webinars
- Psychology Summer Institute in Washington, DC
- APA Annual Convention

Application is Now Open until January 15, 2017! Mfpapp.apa.org<[mfpapp.apa.org](http://Mfpapp.apa.org)>

Please direct student inquires to lpandes-carter@apa.org<<mailto:lpandes-carter@apa.org>> or mfp@apa.org<<mailto:mfp@apa.org>>

- **InCHIP Graduate Affiliate Seed Grants**

InCHIP released the Funding Opportunity Announcement (FOA) for the **FY17 InCHIP Graduate Student Affiliate Seed Grants**. This program offers research funding for graduate students at the Storrs and regional campuses who are InCHIP Graduate Student Affiliates. These grants provide funds to support new research initiatives and pilot work in the areas of health behavior and health policy. Health is broadly defined and includes physical and mental health, and outcomes with critical implications for health.

To find out more about this opportunity, you can download the FOA [here](#). Forms to submit Letters of Intent for this FOA will be posted soon on the [InCHIP Seed Grant webpage](#). Please email seedgrants@chip.uconn.edu with any questions.

Practicum/Employment Opportunities

- Mentors needed at the Center for Latino Progress (volunteer)

Website: <http://www.ctprf.org/>

Here are the descriptions of the positions they need volunteers for:

Tuesdays, 5:00-7:30pm College Prep with Seniors - College applications, personal statements and editing, scholarship research / applications, college budgeting.

Number of mentors - 1-2 mentors to float around and work with teens that have questions while we work on individual tasks for college going Seniors.

Saturdays, 9am-1pm - We're always looking for more mentors that would like to be on our contact list for Saturday mornings.

Number of mentors - 1-2 mentors that were regularly available, that would likely fulfill our current need.

Alternate Mondays, 5:30-7:30pm - On Monday evenings Matt Conway is working with a group coming in from UConn Storrs (with OPE transportation). We can also add in mentors there as substitutes.

Number of mentors - 2-3 more mentors as regular attendees or substitutes to ensure we have 1-to-1 pairing with students.

Who are we working with? - The population is representative of Hartford's urban demographic. ~40% Latinx. ~40% Black/African American. ~20% White/Other. Most of the teens are high school age, but we do have a couple that are younger.

Contact Jo Tiarks at citiescollaborative@uconn.edu if interested. Free transportation to sites possible.

- **School Psychologist Position**

Winchester Schools is looking for a school psychologist to start in late November or December. Contact Liz Ovesny at liz.ovesny@winchesterschools.org if interested.

- **Immediate School Psychologist Opening**

Enfield has an immediate opening for a school psychologist at the elementary and middle school levels (two schools). Contact Julie Carroll jcarroll@enfieldschools.org if interested.

- **Tenure-Track Assistant Professor at Loyola University Chicago**

The School Psychology program at Loyola University Chicago is pleased to announce a new search for a Tenure-Track, Assistant Professor (position announcement attached). Interested applicants are invited to apply online: www.careers.luc.edu/applicants/Central?quickFind=59241. Please feel free to share with interested parties and contact me directly with any questions: gcoffee@luc.edu. Information attached.

- **Baltimore City Public Schools:**

We have three full time positions which remain open and have a fourth one that will open shortly. We are most eager to fill these positions. Contact: riolley@bcps.k12.md.us

This is for immediate employment.

Baltimore City Public Schools has 150 school psychologists and 10 interns. Positions are staffed at 1:850 (one school psychologist to 850 students) and services include consultation, testing, counseling, and attendance at IEP/SST meetings, etc. We provide mentors for first and second year staff and monthly training through Central Office

following topics from the NASP Standards. Our job description is based on the NASP Standards. The position is for 10 months and provides benefits. School psychology staff are members of the American Federation of Teachers (AFT).

- **Kaplan Test Prep in Hartford looking for SAT Test Prep instructors**

Amazing Kaplan instructors are dynamic, engaging and can make something as intimidating as the SAT fun and manageable. We'll work with you to develop your teaching skills through our paid training program, which is done from home. We have a formal training program that provides ongoing feedback to work on your areas of opportunity and improve your teaching style. Once you get into the classroom, you'll be ready to get our students excited about acing the SAT!

Kaplan provides flexible hours that complement the busy schedule of a working professional or student. You can expect to earn \$20/hour and up based on your background. In addition, Kaplan's part-time employees have access to corporate discounts, healthcare, and 401(k) savings plan.

We require SAT test scores at or above the 70th percentile to qualify to teach. However, for candidates who don't possess qualifying scores or no longer have access to their scores, we are happy to offer a free, online, Kaplan-provided qualifying practice test.

Find more information and see the full job description at www.kaptest.com/teach.

Internship Opportunities

- **APA-Accredited School Psychology Internships in New Orleans 2017-2018**

Fort Worth ISD is accepting applications for Specialist-Level Interns for the 2017-18 school year!

Our program offers a 10.5 months, 1600+ hour internship that meets the requirements of the Texas State Board of Examiners of Psychologists. Experience is provided in consultation, evaluation, emotional disturbance, report writing, behavior plans, counseling, and risk assessment. Additional training opportunities are incorporated throughout the year that address a broad range of topics.

Interns gain valuable experience working in a large, urban school district that serves the diverse needs of over 86,000 students. Our interns receive the support and direction they need as they develop the skills required for independent practice. Interns work alongside other interns (both pre-doctoral and specialist-level), supervisors, and a diverse and knowledgeable group of LSSPs.

Additional information about the internship program, as well as salary and benefits, can be found in the attached Specialist-Level Sample Internship Booklet. We encourage all interested students to complete an application! Necessary application documents are also attached:

Contact Stephanie White if interested stephanie.white2@fwisd.org

Click for video about the internship: <https://youtu.be/qZaiyCHVCfw>

- **APA-Accredited School Psychology Internships in New Orleans 2017-2018**

The application receipt deadline this year for the Louisiana School Psychology Internship Consortium (LAS*PIC) is November 15. LAS*PIC

serves the metropolitan area of New Orleans collaboratively matching interns with partner traditional and charter schools.

LAS*PIC operates in a mixture of school settings (urban, suburban, and rural) populated with a diverse student enrollment staffed with teachers both traditionally trained as well as alternative certification. The city of New Orleans is transitioning in 2017-18 from a collection of independent charter school districts into one school system that existed before the failure of the federal levees in 2005. Surrounding school systems are planning to address new requirements of the Every Student Succeeds Act (ESSA) in a state with one of the most promising rates of improvement. School psychologists are in short supply, so districts are eager to receive an intern.

LAS*PIC operates a highly challenging internship curriculum coupled with licensed, doctoral supervision. We are hosting ten interns this year (about a typical number for us). For the 2017-18 year, to maintain quality of the experience amid increasing demands on limited resources, we will reduce to number of available internship slots to eight, despite a local demand for almost twice that amount. While we realize this will increase competition for the limited slots, we believe we can best maintain the designed challenges of the internship program by lowering our expected number of positions.

We look forward to meeting those that make it past the rigorous screening criteria. Questions about the internship program can be address to Dr. Jennifer Maynard jmayn2@lsuhsc.edu

- Northeastern Colorado and Western Nebraska Rural Internships

Inaugural year of the High Plains Psychology Internship Consortium located in northeastern Colorado and western Nebraska. Interns will serve children and youth in rural areas through either a school or day treatment center (depending on site), with available rotations in clinic sites. See the attached letter and brochure detailing our program. Additionally, our

website, <http://www.highplains-pic.org/> provides more information. More information is attached.

- **Baltimore Public Schools Paid Internship**

Full time Master's or Doctoral paid internship for 2017-2018. Contact riolley@bcps.k12.md.us if interested. More information in attached flyer.

- **EASTCONN Paid Internship**

The school psychology pre-doctoral internship at EASTCONN provides interns with a planned, programmed sequence of training experiences developed with the primary purpose of ensuring breadth and quality of training, meeting the needs of the graduate student/intern, and providing an extension of education and supervised training from the university program.

1,500 hour minimum. For more information, see attachment. To apply or to ask questions, please contact Dr. Stein RStein@eastconn.org

- **School Psychology Paid Internship Opportunity for 2017-2018**

The Ossining Union Free School District will again be offering paid internships for the 2017-2018 school year, to both Ph.D and Ed.S. level applicants.

Our district is located in the New York metro area, 25 miles north of NYC. We have a strong ratio of students to School Psychologists, a diverse student population, and a long history with progressive initiatives such as PBIS and RTI. Internships are available in elementary and secondary settings.

For questions or to express early interest, please contact SPTRAIN@LSV.UKY.EDU

- **The Rural Vermont Consortium of the Precision Valley (RVCPV)**

A newly established internship consortium will be in its second training year during 2017-2018. Interns train at a school district and in a Federally Qualified Health Center/integrated primary care system. Full description and application info attached.

Have a great week!
